

Youth Centre, Kuron

Guided tours by Bishop Emeritus Paride Taban, December 2015/ January 2016

Text and photo: Per Nordmark

The Youth Centre is located at the Riverbank of River Kuron, on the west side of the river, opposite Peace Village compound.

The location is shadowed by huge trees, which stays ever green, even when the river dries up during dry season.

The Youth Centre is the planned facilities for the planned Peace Academy, Kuron.

Crossing River Kuron on "Peace Bridge" the only (?) suspension bridge in South Sudan.

A bore hole is providing plenty of water to the Youth Centre, the pump is electric, powered by solar panels. The water is sufficient for the activities at the Youth Centre, and has a surplus for irrigation of a garden

Kuron Loves Peace

The main building at Youth Centre - used in 2015 as base for the training of women/girls in tailoring.

Also the premises for the Donor Conference, September 2015

The more temporary guesthouses at Youth Centre, where preparations are done early January 2016 for transforming the 5 houses into permanent buildings.

The 4 traditionally built guesthouses – built by Toposa women

Some 3000 to 4000 Teak trees are growing well in the area close to the youth Centre.

The Lake Kuron, a 10 minutes walk from the Youth Centre. The lake have water throughout the dry season - and is a habitat for crocodiles and plenty of fish.
